

La Alcaldesa de Madrid

**Selection Committee
WCA European Championship 2018**

Madrid, September 21th, 2017

Dear WCA Selection Committee,

As Mayor of Madrid, it is a great pleasure for me to offer you the full support and cooperation of the City of Madrid during the preparation and hosting of the annual congress of the **WCA European Championship 2018**.

As you know, Madrid embraces ideal conditions for the holding of events coming from diverse disciplines, which preparation is emphasized by its high position among world cities with the greatest number of International Congresses hosted.

Its complete and modern public transport infrastructure is paired with a rich historical and monumental heritage that harmoniously combines with a lively, contemporary and vibrant culture. These qualities convert the City in an ideal location for international events.

Please rest assured that it would be an enormous pleasure for the City of Madrid to welcome you and your delegates, and share the success of your Congress.

Sincerely Yours,
